STRUCK BY TRAIN
John Bahnsen of Walbridge Killed on Hocking Valley Ry.

While attempting to cross the Hocking Valley tracks ahead of a passenger train about three miles this side of Walbridge, John Bahnsen, aged 20, of Latcha, was instantly killed at 12:20 o'clock Friday. Bahnsen was riding in a farm wagon, driving a team at the time of the accident. The wagon was smashed into kindling wood and one of the horses was killed. The other, apparently uninjured, ran away. The train crew took the remains of Bahnsen to Walbridge.

FROM TOP TO BOTTOM we clothe him, man or boy. We clothe him, too, in a way that makes him pleasant to look upon—a credit to his family and a joy to his friends. For our service we ask what is fair, and we return in the same measure, heaping it up a little where we can.

GRAND RAPIDS BRIDGE
Improvements to be Made in the Approaches.

The Commissioners of Wood and Lucas counties have ordered improvements made at the approaches of the Grand Rapids Bridge across the Maumee river. At a joint meeting held at Toledo Saturday, bids for the work were opened. The approaches will require 80 cords of stone and the engineer's estimate was \$29 per cord. Ed. Overly made a bid of \$18.98 per cord and received the contract. W. A. Wade bid \$26 and C. E. Gundy \$30. The commissioners also fixed the damages occasioned by the waters of Wolf creek washing out some land in Lucas county. Each county will pay \$75.

CONGRESSIONAL HONORS
Looking Ahead and Making Guess at the Situation.

Already the congressional campaign is on in this district, says the B. G. Tribune. There is to be a big contest on next fall for the seat so long held by Congressman Southard. Thomas J. Corkery, Jr., a young attorney of Toledo, and one of that city's most eloquent orators, has already started his campaign. Mr. Southard has been up against a number of pretty hard fights since he first entered the race for Congress and has always been able to win out. What effect the new situation in Toledo will have upon Mr. Southard's candidacy is hard to determine at this time. One year ago he was renominated only by an agreement with the Toledo Republican organization. However, at that time the Toledo organization turned down Mr. Southard's candidacy for member of the Congressional committee in the hope of controlling the situation this year. Since that time the Toledo organization has had several pretty hard bolts and it is a question as to whether or not it will cut any figure. Judge Doyle of Toledo will undoubtedly be a candidate unless there is some kind of an agreement reached by the Toledo candidates an outside man may have a chance.

The name of Mr. Myron L. Case of this city, has been suggested in connection with the nomination and it would not be displeasing to the many friends of that gentleman if he would enter the race and win out. Up to this time Mr. Case has not intimated any intention of becoming a candidate or even a desire to become one. However, his probable candidacy has been a subject of some interest among politicians.

A CREEPING DEATH.
Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Bowers & Comstock's drug store.

MASQUERADE BALL
All persons having invitations signed committee are invited to attend the Masquerade ball given Thanksgiving eve, at town hall. The most hideous appearing person shall be awarded a prize.

FIRE AT CHILDREN'S HOME.
Fire partially destroyed cottage No. 3 of the Miami Children's home at noon Sunday, entailing a loss of about \$5,000. The blaze was confined to the roof and attic of the building, but destroyed considerable clothing stored there. There were 35 children in the home when the blaze was discovered and the younger ones were immediately taken to another cottage, while the older ones assisted the employees in fighting the flames. Two Toledo fire companies responded to an alarm and were at the fire in 25 minutes, soon getting the flames under control.

MOTHERS can shop for girls all right, but when it comes to buying clothes for the boys they must trust largely to the dealer. They can do that safely here. We have a reputation to sustain—a reputation built upon hundreds of boys properly clothed and hundreds of mothers perfectly satisfied.

MODEL AUDITOR'S OFFICE
County Commissioner's Report Examined and Approved.

Hon. James H. LaFarree and Attorney Andrew Abbott of B. G., were appointed by Judge Friess to examine the County Commissioner's report and after eight days work of careful search and examination the Committee made their report.

The committee looked into every item, every contract was reviewed and figured out, and many bridges were inspected and everything that had been transacted by the board was found to be in good condition, and there is no room for the cry of "bridge graft" in Wood county.

In an interview published in the B. G. Tribune, Mr. LaFarree, the Democratic member of the committee, than whom there is no more competent or thoroughly capable man in the county, spoke of the report and the officials as follows:

"Of course, there are a few little things in the court house which should be remedied," said Mr. LaFarree, to the Tribune, "but we have found nothing illegal, and have nothing but commendation for the county officials, all of whom have promised to follow a few suggestions which we made."

"The commissioners have many things to look after here in this county, but we have found nothing against their official acts in any way whatever."

"County Auditor Harding is undoubtedly the best auditor the county has ever had. Everything in his office is in the finest of shape and not a thing wrong could we find. His books are such that almost anyone can go through them easily. I must congratulate Mr. Harding on his office for he has brought order out of chaos. As superintendent of the construction of the jail, I was thrown with Mr. Harding and I found him a good official then and ever since."

Mr. LaFarree further stated that he was especially well pleased with the way he found things in Auditor Harding's office, and said that in five minutes after he had asked a question concerning any ditch or piece of work in the county, Auditor Harding would place before him a complete and accurate report of the entire proceedings from beginning to end showing bills, vouchers and receipts for everything, and while the county is passing through a great period of work in the construction of roads, ditches and bridges involving the expenditure of large sums of money, everything is found to be in good condition and Mr. LaFarree says,—"there is no Graft. Of that I am certain."

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared." RACED WITH DEATH
To Reach Brother Before He Passed Away.

Charles Ziehr, who was injured by an Ohio Central train at Lima City Wednesday morning, died at the Toledo hospital at 11:30 Thursday night says the Tribune. Against his death raced a sister who had not heard from him in 20 years—and she arrived too late.

The sister is Mrs. Emma Jones of New London, O. About 9 o'clock Thursday night she received a telegram concerning her brother. Mrs. Jones, not having heard from her (Continued on Eighth Page.)

SURVIVORS OF UNION ARMY
Civil War Veterans Now Number 684,608 Members.

The commissioner of pensions reports that there were on the pension rolls June 30, the names of 684,608 survivors of the civil war. That means that the United States was paying pension on that date to 684,608 men who actually were in the Union army. Besides the survivors of war, the rolls carried the names of 313,833 others—widows, orphans and dependents of civil war, the Spanish war pensioners and those rendered pensionable by the latter contest. International Tailoring Co.

TO DRESS WELL
You Must Have
THREE THINGS:
GOOD CLOTH—GOOD FIT—GOOD STYLE

GOOD CLOTH—This is the foundation of perfect Tailoring, without which the others count for nothing. Avoid those unreliable firms who deal in shoddy, and put your faith to the International.

GOOD FIT—This means more than the mere cutting of a garment to the wearer's measurements. It means giving to the garment that personality which at once marks it as made for yourself.

GOOD STYLE—We have every facility for keeping in touch with the trend of fashion, and our long experience enables us to detect the styles to be avoided. You may be sure, therefore, that while all of our styles are up-to-date and popular, they have an exclusive and distinctive air, and never pass the limits of good taste.

If You've Been Dissatisfied
with your clothes—and every-body has—we're sure they weren't made with our Patent Front. The fit is there, and what's better, stays there.
